An economic, social and architectural opportunity

Dublin House 2.0 Dublin City Architects. images by GKMP and Moniker 2009

The DUBLIN HOUSE project

An economic, social and architectural opportunity

A large crowd of people is gathered in a paved courtyard in front of a modern, multi-story brick and grey metal building. The building features balconies with glass railings and large windows. The sky is blue with scattered white clouds. The scene is an outdoor event, likely an opening ceremony, with people of various ages and backgrounds. Some are standing in groups, while others are walking. A white tent is visible on the right side of the image. The overall atmosphere is bright and social.
